& Modernity

JVT - Dubai
By Tiger Properties

JVT

JVT is a wonderfully planned community that offers a distinctive fusion of modern buildings and lush, natural surroundings. Furthermore, it is a stunning and energetic neighbourhood that provides a distinctive way to live in Dubai. It is the ideal spot to call home with its exquisite scenery, top-class amenities, and convenient location.

Its central location provides quick access to transit and key attractions and is one of its most attractive features. Residents have easy access to various areas.

Natural Inspiration

Altai was inspired by the intriguing Altai Mountains, often written Altay Mountains, a mountain range in Central and East Asia where Kazakhstan, Russia, China, and Mongolia meet. It is where the rivers Irtysh and Ob originate. 2000 plant species can be discovered in Altai, a vast natural reserve, 200 unique to this location. In this area, more than 300 bird species and 70 species of animals coexist.

As a unique and prime location where nature masters its best beauty, we were inspired to create Altai Tower in a prime location of natural beauty.

ALTAI

A quick glance at this structure reveals a lot of high-end apartments with fantastic views, and it is clearly in harmony with the surrounding area. With Altai's unique architectural designs that blend perfectly with JVT's beauty, it's a superior residential building to admire Dubai's skyline.
