A GREEN LANDSCAPE FOR CALM AND FLOW

HERE, LIFE
COMES TOGETHER

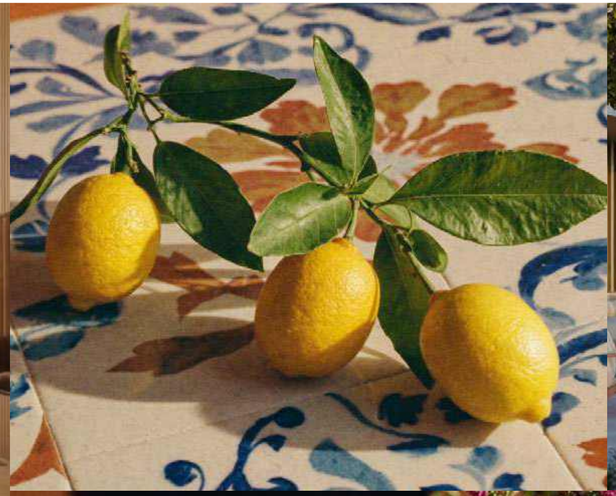

AT ONE WITH THE LAND

Comprising four residential buildings, Arancia Yards 2 is designed to exist in harmony with its surroundings. Elevated above an expansive landscape setting, the architecture creates space for gardens, shaded walkways and communal areas to flow naturally beneath and between the buildings.

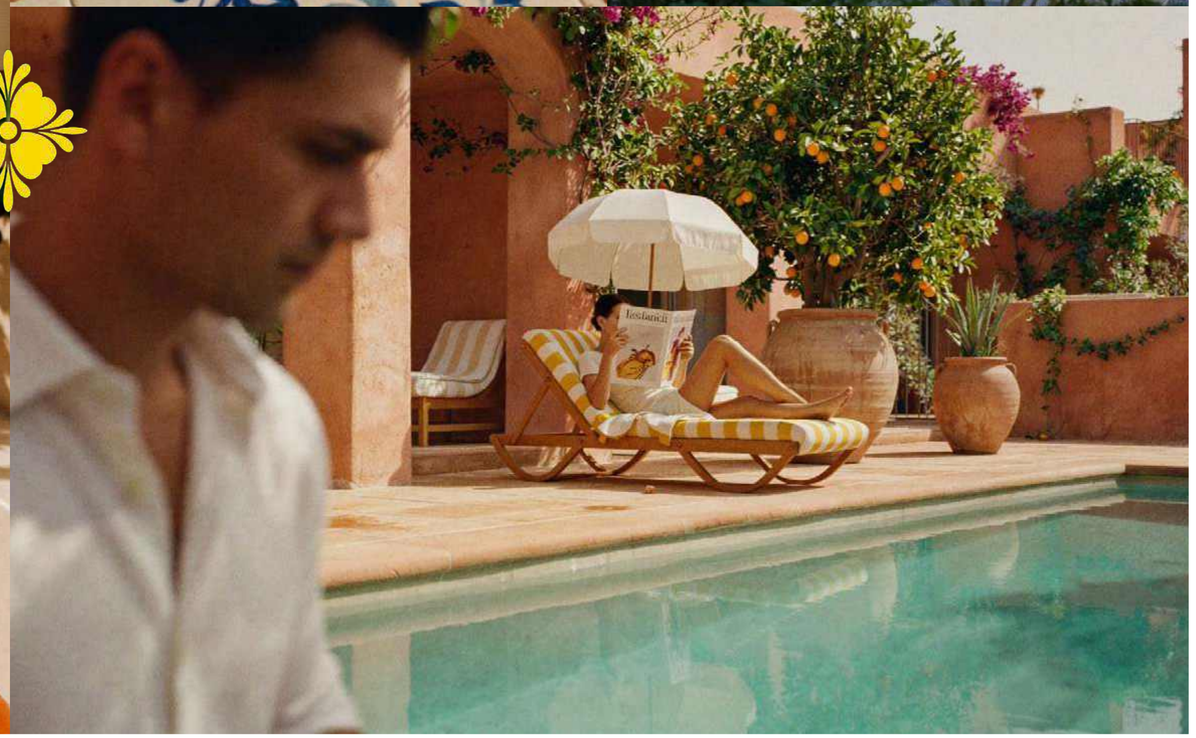

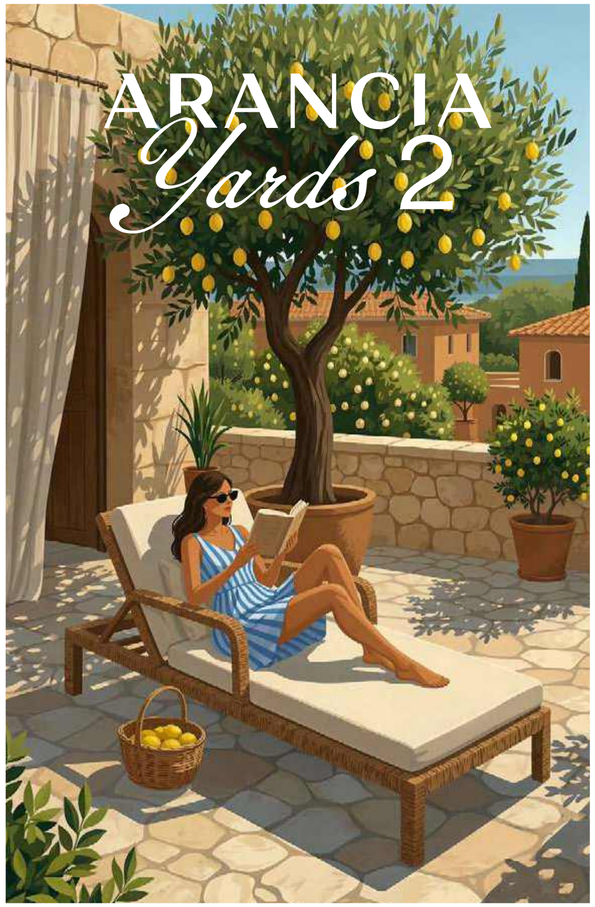

CRAFTED FOR A LIFE IN BALANCE

At Arancia Yards 2, every home is thoughtfully designed to elevate everyday living. **Spacious 1, 2 and 3-bedroom residences** combine natural light, generous layouts and seamless indoor-outdoor living, while private terraces and expansive glazing connect each home to the surrounding landscape.

Ground-floor residences offer an even closer connection to the gardens, creating a sense of openness and tranquility.

A GREEN SANCTUARY AT ITS CORE

At the heart of **Arancia Yards 2** is a beautifully landscaped sunken garden, designed as a place to relax, connect and enjoy the outdoors.

Surrounded by lush greenery, shaded seating and inviting open spaces, it creates a natural gathering place for residents throughout the day. The architecture is thoughtfully elevated above the landscape, creating shaded areas below and allowing fresh air to move naturally through the community.

This approach enhances comfort while giving nature the space to flourish, creating a green sanctuary at the centre of everyday life.

CONNECTED TO THE GREEN SPINE

Arancia Yards 2 is seamlessly connected to the Green Spine, the defining landscape feature of The Yards at City of Arabia.

Stretching through the community, this expansive network of gardens, pathways and shared spaces links residents to wellness, recreation, retail and everyday conveniences. Whether enjoying a morning walk, spending time with family, meeting friends or simply taking in the surroundings, every journey is enriched by a continuous connection to nature.

Here, life flows through green spaces designed to bring people together and create a stronger sense of belonging.
